Range Colour Updates 2018

Dear Valued Van Dyck Customers,

In an effort to consolidate a number of our products to ensure we provide improved stock availability we have recently critically analysed our ranges and have either withdrawn slow movers or, in some cases, added what we feel are better colours to balance the offering.

Where required, we are currently in the process of updating sampling, either by removing withdrawn colours from swatches or re issuing new elements where colours may have been added.

Please find attached adjustments.

Note:

- a) **All MTO colours have a minimum order quantity of 1000m2**
- b) **These are subject to an overage of 10%**
- c) **There is a standard lead time of 4 weeks from date of order**

Regards

Taahir Syed
