Titanium Collection

We are excited to bring you the Titanium Collection – a combination of five stylish designs namely: Aragon, Consulate, Innovation, Parallel and Vertigo into one collection. Within each design range we have selected two top colours to give you design flexibility and offer a wide range of selection. These 50 x 50cm tiles are made of 100% Aquafil BCF Nylon 6 with Enduroback KR4 (modified recycled bitumen) backing and are perfect for heavy commercial applications.

The Titanium Collection is manufactured in our ISO 9001 and 14001 accredited Durban factory using local and imported raw materials and meets the requirements for Green Star rating. This collection offers various design options in an affordable and at the same time very stylish way.

Rococo Parquet

Rococo Parquet encompasses a modern twist on a timeless classic in LVT format. This collection is available 101.4 x 304.8mm size and is ideal for any residential and light commercial installations.

Parquet offers unlimited design flexibility and can be mixed and matched with either the Standard 8 Rococo or 6 Rococo Wide Plank colour ranges. These planks have a strong embossment to authenticate any particular style and are now available exclusively at Van Dyck Floors in four stylish wood-looking colours. These LVTs have a warranty of 15 year in residential and 5 years for light commercial. Rococo Parquet creates an aesthetically pleasing floor whilst allowing unlimited design options.

Pergo Incizo Profiles

Pergo 5-in-1 offers different moulding solutions for different parts of the floor, all wrapped up in one handy package. These PEFC certified (sustainable forest management) assortment of wall bases and mouldings are coordinated to perfectly match the colour and the structure of the laminate floor, making them beautiful and durable accessories that truly accentuate any flooring.

The surface is a wear and scratch –resistant laminate, the core consists of HDF and the bottom is made of plastic. With the patented Incizo® solution, you simply cut the moulding to the shape you need. These 5-in-1 finishes are suitable for flooring heights between 7 and 10mm.
